

Ferney Lee News

Week beginning Monday 18th June 2018

Headteacher's Message

Welcome to this weeks newsletter

Consultation

To parents who attended our first consultation meeting we had a very productive and informative meeting. Our next meeting will be tomorrow after Gold Book assembly or if you can't make it, there are 2 more—please see dates below.

Monday 18th June at 9.30am

Tuesday 19th June at 6pm

Wednesday 20th July at 5pm

Our tennis team did brilliantly this week finishing third in the county schools finals. Well done to all the children and many thanks to the coaches.

Update

Several teachers, governors and classes have visited the new playground. It is starting to look fantastic! I was especially impressed with the space around the building. We will be arranging a tour of the site shortly.

Report

Our School Councillors – Olivia, Delilah, Issac, Isaac, Mashuda, Haris, Alyssa, Finn and Aamilah took on the role of school councillors. They observed all classes and reported how staff and pupils work together. Their findings will contribute to the School Development Plan, to continue to move our school forward.

Did you know that you can now pay for dinners, breakfast & after school clubs in advance? Please top up your account with ParentPay online or via PayPoint. Thank you.

Gold Book Awards

Ladybirds - Koro

Site Safety Competition

Matt - Site Project Manager, announced the winners of the Site Safety Poster Competition. Each winner received a printed poster to display around the site.

Well done to the winners;
Delilah Y6, Sukaina Y5, Faseeha Y4, K
Finnian Y1, Nina Reception

We are celebrating 'One Britain One Nation Day' on 28th/29th June.

We will be learning the National Anthem

Non-uniform day Thursday 28th £1 – wear red, white & blue.

On Friday we will open assembly with the National Anthem!

This week at school

KS1 and KS2 have had lots of fun during science week working scientifically. Different years have tried different investigations and will be sharing some of their findings in Gold Book on Friday.

SAFETY

IS PART OF SCIENCE

For Science week Year 4 have been investigating the circulatory system and on Wednesday they have dissected hearts to help understand and label the different chambers and vessels.

When they looked round the new building, Year 4 asked Jack, the engineer, what the area of their new classroom was. Instead of telling us the answer, Jack has set Year 4, 5 and 6 an area challenge! He has given us a plan of the whole building with the length and width of each room and has set them the challenge of calculating the area of some of the rooms. There are gloves and safety goggles up for grabs as prizes for each year group. Good luck everyone!
